ORIGINAL: ENGLISH

LETTER DATED 7 MAY 1993 FROM THE PERMANENT REPRESENTATIVE OF
BOSNIA AND HERZEGOVINA TO THE UNITED NATIONS ADDRESSED TO
THE PRESIDENT OF THE SECURITY COUNCIL

Serbian forces continue to attack the civilian population of Zepa with unabated intensity. To date, at least 200 civilians have been confirmed dead and another 320 wounded. More civilians have fled to the outlying caves and forests in search of medical treatment, however those administering this aid are without medical equipment, and almost completely out of medicines.

To further aggravate the humanitarian situation, Serbian artillery units, arrived yesterday from the towns of Han Pisejak and Borike, have taken up positions on hills around Zepa.

May I ask for your kind assistance in distributing this letter as a document of the Security Council.

(Signed) Muhamed SACIRBEY
Ambassador and Permanent Representative
